DECLARATION

I, Richard T. Dean, a citizen of the United States of America, residing at 43 King Road, Bedford, New Hampshire 03110, declare:

That I made and conceived the invention described and claimed in Serial Number 08/236,402, filed in the United States of America on May 2, 1994, entitled Technetium-99m Labeled Imaging Agents.

That I made and conceived this invention as President of Diatech, Inc., 9 Delta Heights, Londonderry, New Hampshire 03053. That the invention is related to the work I am employed to perform and was made within the scope of my employment duties; that the invention was made during working hours and with the use of the facilities, equipment, material, funds, information and services of Diatech, Inc.

To the best of my knowledge and belief:

The invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its

successors: Energy Research and Development Administration or the Department of Energy.

The undersigned inventor declares further that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
